Engineering paradigm

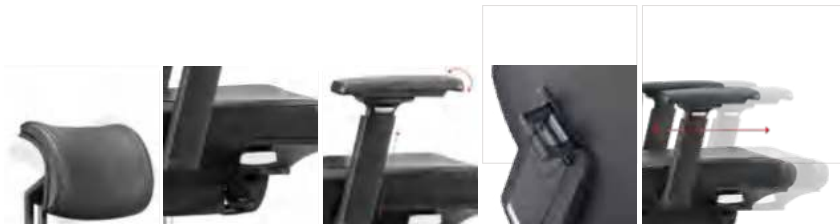

**New fashion
highlights
in the
office**

- 2D adjustable headrest, height and angle adjustable
- Auto-balance mechanism with 4-position lock
- 4D adjustable armrest
- Hidden rotary lumbar support
- Built-in sliding seat

- 2D 头枕 可升降及角度调节 2D headrest, height and angle adjustable
- 椅背可六段升降 The backrest can be 6-position height adjustable
- 同步倾仰三档锁定底盘 Synchronous 3-position lock mechanism

Create comfortable office seating

- Chargeable bluetooth audio
- 90 degree two-way rotation writing board
- Design of left and right electroplating switch handles
- Footrest and backrest tilt separately
- Headrest creating a privacy space
- Wheel moves back while back tilting
- Rear wheel design, convenient movement

The initial back angle is 96 degrees and the maximum tilt back angle is 124 degrees. It can be infinitely adjusted between the initial angle and the maximum angle according to the needs of different users. Every need of the body should be taken care of.

Seat back tilt adjustment by wire
90 degree two-way rotation writing board
Lifting double back design
Ergonomic waist support and top waist design
Rear wheel design, convenient movement
